

You never know when you'll need us, so we're open 7 days a week.

**When you don't need an emergency department but you do need a doctor, come to a St. Joseph Urgent Care Center - no appointment necessary.**

Receive state of the art care from Board-certified physicians for minor illnesses and injuries that are not life-threatening, but do require prompt attention, such as cold and flu symptoms, infections and burns, sprains and fractures, and minor cuts requiring stitches.

If follow-up is needed, we will coordinate your care with your regular physician. If you don't have a physician, we can refer you to one through our physician referral service.

**Common non-emergency ailments that can be treated at St. Joseph Urgent Care Centers include:**

- cough, cold, flu, sore throat
- earache, ear pain
- eye problem
- upper respiratory infection
- blood pressure check
- skin infection, rash, skin lumps, bump or growth
- minor abrasion
- minor sport injuries and strain
- muscle ache and sprain
- prescription refill
- common urinary tract infection
- lice, scabies, or tick bites
- sunburn or minor cooking burn
- nausea, dizziness, vomiting
- fever without convulsion (uncontrollable shaking)
- neck, back pain
- foot problems, and more.

Our Urgent Care Centers can also provide you with routine medical care, such as blood pressure screenings and physicals when your regular physician is unavailable. We offer immunizations, on-site X-ray, and lab services as well.

**Convenient & Economical**

Wait times at our Urgent Care Centers are usually shorter than an emergency department visit. Fees may also be more economical than a visit to the emergency department. St. Joseph Urgent Care Centers accept Visa, MasterCard, personal check, cash and most healthcare insurance.

**Work-related Injuries**

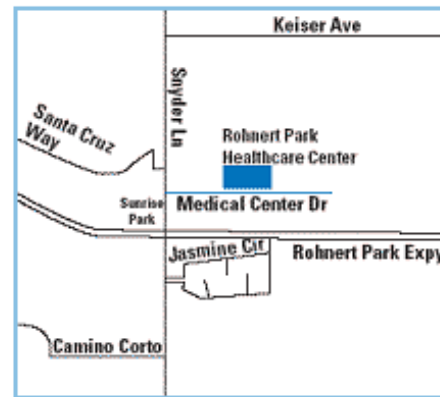

Both St. Joseph Urgent Care Centers are open extended hours for convenient treatment when most on-the-job injuries happen, and our affordable rates save you money on workers' compensation claims. As part of our comprehensive service, we also provide employers with a "Doctor's First Report" and evaluation of return-to-work status. We also offer pre-employment physicals.

**First-come, first-served - 7 days a week**
